

Thrawn: Alliances Loading Instructions – Direct From USB

1. Insert USB and open “Star Wars Thrawn Alliances (Convention Exclusive)” folder to start listening right away on your computer.

Load to Android Device via USB Cable

1. If your screen is locked, unlock your screen.
2. Connect your computer to your device using a USB cable.
3. If you’re prompted to select a USB connection option on your device, select Media device (MTP).
4. Locate music files on your computer and drag them into your device's Music folder.

Load to IOS Device via iTunes

1. Insert USB and open “Star Wars Thrawn Alliances (Convention Exclusive)” folder
2. Create an empty folder on your desktop, and give it a name.
3. Copy all files from USB into this folder
4. Open iTunes, create a new Playlist, and drag the MP3 files there—this way you can keep the audiobook all in one place.
5. To make sure the tracks are in the correct order, sort them by name.
6. Once added to iTunes, you can transfer to your preferred listening device (or listen on your computer)!
